THE LUXURY TOUR SERVICE

THE LUXURY TOUR SERVICE

As The Cotswold Tour Guide I have been providing discerning clients with Luxury Tours across The Cotswolds and beyond since 2011. I have built up an enviable reputation in this time as a professional tour guide. Nowhere is this more evident than in the many happy customers who write to me about how pleased they were with the luxury service I delivered. One such was Pierce Brosnan, who wrote: *"Dear David. Thank you for all the great care you have taken of my mother May. Be great. Yours sincerely."* Pierce Brosnan

I hope this brochure provides you with all the information you require to make a decision about your luxury tour but please do contact me if you have any questions or would like to view the cars.

THE COTSWOLD TOUR GUIDE OFFERS YOU THE OPPORTUNITY OF COMBINING A LUXURY CAR, AN EXPERT GUIDE AND A BESPOKE ITINERARY...

1. Your Luxury Car will be a BMW X5.

2. Your Expert Guide will be David, who owns the business

3. Your Bespoke Itinerary...

Long before your Cotswold Driving Tour starts I will create a Bespoke Itinerary for you that incorporates what you would like to see and where you would like to go. It can also include stops for a refreshing morning coffee, a cosy English pub lunch and a smart Afternoon Tea. This is how I will create your itinerary:-

1. You send me details of
 - The dates you require me
 - Which hotel(s) you have booked. I have listed the hotels I work with to give you an idea of the types of place you can stay in.
 - The places you would like to visit, such as: gardens, villages, countryside, great houses, churches, museums or anything else you would like to see. I have listed the places I visit regularly to give you an idea about where we can go during your tour.
2. I will then create a Bespoke Luxury Tour of the Cotswolds that weaves together your requirements in such a way as to optimise your time at each location. This itinerary will include a map of the route we will take on each day booked. I will send you a PDF version of the itinerary. Please note, although we get most frequent requests for The Cotswolds, we can offer Luxury Tours across England as well.
3. You will then review it and e-mail me with your ideas about how I can refine it.
4. And finally I will refine it and re-issue to you, so that we are all set for when you arrive.

One of my clients asked me to arrange a Downton Abbey style picnic lunch, which I did in conjunction with a high-end local hotel that I work with. I became Carson for the duration and they had a wonderful time! So whatever takes your fancy, just ask me and I will arrange it for you.

Not a Standard Itinerary

I pride myself on providing Luxury Cotswold Tours that are individual and unique. I can do so because each one always includes all of the following...

- **I don't have standard itineraries.** Each and every tour is tailored to your individual requirements. As you can imagine this means that I will have spent several hours putting together your tour before we meet; but that is my guarantee to you that you will get exactly what you wanted, not just the places that the average tourist wants to see. Moreover, on the day we can vary the itinerary to suit your mood. If you really like a place we can dwell longer and if you don't we can move on. It's your day and I will continue to tailor it to your needs as the day unfolds.
- **There are no time limits for the tour.** We can start early and/or finish late to suit your requirements.
- **You won't be sharing with people you don't know:** My tours are only ever for your party of people. This guarantees that you won't have to share with people you haven't met and that the tour will be focussed wholly on your requirements.
- **I will always be your tour guide.** I don't employ other people; it will always be me who guides you.
- **Collection and drop-off from wherever you are is always included in the tour.** The only items not included in the tour are: meals, refreshments and entry fees.

LUXURY TOUR TESTIMONIALS

Pierce Brosnan

"Dear David. Thank you for all the great care you have taken of my mother May. Be great. Yours sincerely." Pierce Brosnan"

Mark & Patty Seeberg

"Just a quick note to tell you how much my wife, friends, and I enjoyed our stay at Foxhill Manor. A truly wonderful experience in every way! I also want to sing the praises of David Keffler and his tour guide services."

John & Ping

"Hi David, We would like to take this opportunity to express our sincere appreciation for the service provided by you over a five day period. We enjoyed many beautiful and historic places in the English countryside, which was way beyond our expectations and extremely attractive and appealing to walk around."

Jim & Anne Morissey

"In early September, my wife and I stayed at Foxhill Manor. What a lovely time we had. Perfect, actually. We loved our room, the furnishings, the personalised dining, the staff, the quiet, the style. Everything. And when I say "everything" I include in that David, The Cotswold Tour Guide. There is no doubt about it, David helped make our time in The Cotswolds even more idyllic than, yes, The Cotswolds. And that is saying a lot."

LUXURY TOUR TESTIMONIALS

Ron & Rebecca Stephonic

"Rebecca had several discussions with David, prior to our visit, on sites we were interested in seeing and he mapped out several days of touring, including some of his own recommendations. His knowledge of the history of the area was quite complete and his attention to details was obvious. We saw all the sites we wanted to see and David arranged a delightful private lunch and an afternoon tea for us"

Alysha & Miles Jordan

"Dear David,
We can't begin to thank you enough for the outstanding service we received from you as a driver, planner and guide.

The travel was excellent with every thought put into our comfort. The extra special reading materials you took the time to provide us each of our three days were both insightful and made for excellent reading each night when we returned from our beautiful excursions."

Kent & Kathy Scott

"If we had to choose a word to describe our experience with The Cotswold Tour Guide it would be PERFECTION! From the first inquiry to our tour ending good-byes in London, David was prompt, intuitive, and professional."
